

LESSON 4

SAXOPHONE

SINCE SAXOPHONES COME IN VARYING SHAPES AND SIZES, THEY CAN BE MIKED IN DIFFERENT WAYS. IF YOU USE A STANDARD MIC PLACEMENT, IT WILL BE PLACED ON A MIC STAND. THE DYNAMIC MIC WILL BE PLACED OR AIMED IN THE MIDDLE OF THE SAX AT A DESIRED DISTANCE AND POINTED SLIGHTLY TOWARDS THE BELL. YOU CAN, ALSO, USE A CLIP-ON CONDENSER MIC WHICH CLIPS ONTO THE OUTSIDE OF THE BELL OF THE SAX.
